

# RETENTION INTERVIEWS

*Protecting Your Top Talent*

At K.A.G. Recruitment, we understand that losing a valuable team member can have a huge impact on your business. That's why we've developed our Retention Interview service, designed to give you a last chance to keep your best talent onboard. Before your top employee walks out the door, let us help you explore every possible option to retain them.

## How Does it Work?

When one of your employees is considering leaving or has already decided to move on, we step in as an unbiased third-party. Our team will have an open, honest conversation with the individual to uncover the real reasons behind their decision. We then work closely with both the employee and you, the client, to evaluate potential solutions and ensure the right steps are taken to retain them.

## What We Offer:

- **Unbiased Insight:** We provide a neutral, safe space for your employee to express their concerns and needs openly, ensuring we capture the full picture.
- **Tailored Strategies:** We'll collaborate with you to create a customised plan that addresses the employee's concerns and outlines what it will take to keep them on your team.
- **Cost-Benefit Analysis:** We'll assess the potential cost of losing this employee versus what it would take to keep them, giving you clear data to inform your decision.
- **Proven Results:** Our service has helped many clients retain employees even after they seemed set on leaving, ensuring that you keep your top talent and maintain a competitive edge.
