

STAY INTERVIEWS

Keep your best talent where they belong — with you.

Why Wait to Learn? Act Now with Stay Interviews

In today's dynamic business environment, retaining top talent is more crucial than ever. Traditional Exit Interviews offer insights into why employees leave, but they come too late. K.A.G. Recruitment introduces a proactive solution: Stay Interviews. This innovative service is designed to understand your team's motivations, concerns, and aspirations while they are still part of your organisation.

What Are Stay Interviews?

Stay Interviews are structured conversations with current employees, aimed at identifying what keeps them engaged, what might drive them away, and what changes they believe could make your organisation a better place to work. Unlike Exit Interviews, Stay Interviews offer the opportunity to make real-time improvements and strengthen your retention strategy.

The Benefits

- **Enhanced Retention:** Understand the key factors that motivate your employees to stay, allowing you to foster a supportive and engaging workplace environment.
- **Cost Savings:** Replacing an employee can be costly. Stay Interviews help you retain your valued team members, saving on recruitment costs and the loss of institutional knowledge.
- **Improved Engagement:** By showing employees that their opinions matter, you boost morale and engagement, leading to higher productivity and job satisfaction.
- **Actionable Insights:** Gain direct feedback on policies, practices, and culture, providing you with actionable insights to drive positive change.
